

My Hero Global Exchange
Rowena Gerber: Solar Ovens in Senegal

Summarize	Summarize the movie. What questions did you think of while watching the movie?
Analyzing	Take a look at Senegal on a Google map. Take a look around for a few minutes. What do you observe? How is it different from home?
Analyzing Evaluating	How does the climate in Senegal differ from Michigan? Would solar cookers be effective here?
Applying	How does the climate in Senegal impact: the need for and/or use of solar cookers? The use of solar cookers?
Evaluating	What do you think the impact of solar cookers will be on the local economy?
Understanding	Did you notice the food they are cooking? What is a 'typical' diet in Senegal?
Analyzing	How does the nutritional content of a 'typical' diet in Senegal compare to a typical diet in the United States?
Creating	Can you create a solar cooker?
Creating	Can you create a project to get solar cookers to parts of the world that need them?
